Nature's Source Foliar Essentials

Is a valuable addition to all nutrition programs and can be applied starting in propagation and on through the growing cycle of the crop.

Foliar Essentials application encourages a more compact growth habit with increased tone and nutrient uptake.

The natural compounds found in oilseed extract promote nutrient uptake efficiency.

Compatible with new chemistry.

Avoid tank mixing with micro nutrients or heavy metal fungicides.

It is not necessary to add adjuvants when tank mixing or applying from an injected solution.

A jar test is always recommended.

GUARANTEED ANALYSIS

Total Nitrogen (N).....2%

1.70% Other Water Soluble Nitrogen

0.30% Water Insoluble Nitrogen

Available Phosphate (P₂O₅)..... 1%

Soluble Potash (K₂O) 1%

Derived From: Fermented Oilseed Extract

10 lbs. per gallon at 68°F

Pathogen Free - Heavy Metals Free - GMO Free
